Protection for ward Class B1.

HEALTH INSURANCE

# DID YOU KNOW?

Medical costs in Singapore are projected to rise at a faster pace than most of the region with **surgery charges experiencing the highest rate of inflation.**<sup>1</sup>

**Cancer (80%) and cardiovascular diseases (56%) will remain the top two conditions by cost** and are expected to remain so in the near future.<sup>2</sup>

Medical treatments can be very costly, depending on factors such as your medical condition, duration of treatment and hospital type. This can **potentially lead to high out-of-pocket expenses and loss of future income.**

## Examples of medical bills received by Income across 2019 - 2021

Medical Condition	Age	Medical Bill Size	
		Percentile	
		75 <sup>th</sup>	90 <sup>th</sup>
Breast Cancer	30 - 40	\$108,414	\$209,602
Lung Cancer	41 - 50	\$83,256	\$428,853
Heart Disease	51 - 60	\$43,191	\$73,390

The table is based on specific medical diagnosis in relation to the stated category of medical conditions in a private hospital. Note: IncomeShield Standard Plan is designed to provide coverage for restructured hospital for ward class B1 and below.

## MediShield Life and IncomeShield Standard Plan

IncomeShield Standard Plan is an Integrated Shield Plan which consists of two parts – the MSHL portion and an additional private insurance coverage portion. MSHL is a national health insurance scheme for all Singapore Citizens and Permanent Residents.

If you are covered under IncomeShield Standard Plan, you will enjoy the combined benefits of MSHL, which is administered by the Central Provident Fund Board, and the enhanced benefits of the additional private insurance coverage portion, which is provided by Income.

If you would like to find out more details about MSHL, and subsidies that you may be eligible for, please refer to [medishieldlife.sg](https://medishieldlife.sg).

## Coverage with no lifetime limits

You are covered, for life. With no lifetime limit<sup>4</sup> on your hospital claims, IncomeShield Standard Plan helps to reduce the financial stress on you and your family should you have to stay in hospital.

## Letter of Guarantee

A Letter of Guarantee<sup>5</sup> makes hospital admission easier by waiving deposits required by hospitals.

## Affordable and flexible

Use your CPF MediSave to pay your premiums. With MSHL, the MediSave withdrawal limit is restructured into two parts:

MSHL	Additional Withdrawal Limit (AWL) for additional private insurance coverage
MSHL premiums can be fully payable by MediSave.	The Additional Withdrawal Limit (AWL) is the maximum MediSave limit that you can use for your IncomeShield Standard Plan's additional private insurance coverage premiums.

The maximum MediSave that can be used to pay for each insured annually depends on the insured's age at their next birthday.

Additional Withdrawal Limits (AWLs) for additional private insurance coverage	
Age next birthday	From 1 November 2015
1 to 40	\$300
41 to 70	\$600
71 and above	\$900
